Let's celebrate with our classic tablecloth

CLASSIC COLLECTION

Napkins/Tea Towels/Tablecloth

Our Classic collection is the perfect gift to celebrate all the family's greatest events. We have used traditional French linen designs to which we have added an African touch: We have blended six designs inspired by the African culture with the simplicity of Pays Basque's stripes to convey a classic/contemporary feeling. In addition to the five designs used in our Penta collection, namely MASK, HIBISCUS, PENSADOR, NDEBELE and KUBA, we have added the African SHWESHWE pattern. The Classic range comes in three colourways: white on white, navy on white and taupe on white.

On safari, sharing a leopard's meal!

AQUA LIME TABLECLOTH

While we were traveling through Botswana, there was still a lot of rain. Driving down a flooded dirt road, surrounded by lime green grass and stormy skies we encountered a leopard eating its prey on the side of the road. I wanted to capture this unique moment by combining my French roots where you always find stripes on linen with a mixture of leopard skin design and memorable contrasted colours.

This tablecloth is woven in 280 wide but don't hesitate to order any size for your table, runner or curtains.
