Bogolan & Baoule Collection

Throws and Bedspreads

AFRICAN JACQUARD THROWS ARE INSPIRED BY THE MUD BOGOLAN DESIGN.

Bogolan African Mud Cloth is a cotton fabric traditionally dyed with fermented mud using hand painted designs creating a West African ethnic effect.

BOGOLAN THROW

All Bogolan throws are woven in Cape Town by African Jacquard with a honey comb weaving pattern mixed with the ethnic Bogolan designs. They are pre-shrunk, giving the fabric a wonderful textured feeling. Thrown over your sofa, or used as a bedspread, this versatile piece is uniquely comforting and luxurious.

Home care: Warm wash up to 60° degrees and tumble dry to keep your throw soft.
