Product specifications:

- African Jacquard provides you with a unique range of products that are designed, woven and manufactured in Cape Town, South Africa.
- All our textile products are woven from natural fibres such as cotton, linen and bamboo, and the use of natural fibres in our products may result in slight weaving and manufacturing irregularities.
- There may be colour variations from the products depicted on our website and catalogue due to lighting and screen resolutions.
- All products have a woven African Jacquard tag sewn into the hem, along with a care label.
- African Jacquard cannot be held liable for damage caused should the washing instructions not be followed.
